Subject: USS Lead Site: Sequential Samples - who does data validation?

Hi Tim - I know this question came up the other day, and I'm just checking to see if you already got an answer?

If not, Rita, do you recall who is supposed to do data validation on the East Chicago samples analyzed by CRL?

Cheryl: CRL will be able to perform the sequential tap water sample analysis of the samples you will be collecting tomorrow, February 1st, at 3 pm. Please make arrangements for delivery on Thursday morning with Rob Snyder.
